- **What is the objective for your property?**
- **Is fire the right tool for you?**
- **Is fire covered in your ranch insurance?**
- **How do I plan and execute a prescribed burn?**
- **How do I do it safely?**

Certified Burn Managers and Conservation Planners can help you achieve your goals

There are resources available to assist you through the process.

"He who fails to plan, plans to fail"
-Winston Churchill

Prescribed fire is a planned fire used to meet management objectives.

Reduces hazardous fuels

Minimizes the spread of pest insects and disease

Removes unwanted species that threaten natives

Provides forage for game

Improves habitat for all species

Recycles nutrients back to the soil

Promotes the growth of trees, wildflowers, and other plants
