Operation Lone Star Surges Border Resources As Title 42 Ends

May 12, 2023 | Austin, Texas | [Press Release](#)

Governor Greg Abbott, the Texas Department of Public Safety (DPS), and the Texas National Guard are continuing to work together to secure the border; stop the smuggling of drugs, weapons, and people into Texas; and prevent, detect, and interdict transnational criminal behavior between ports of entry.

Since the launch of Operation Lone Star, the multi-agency effort has led to over 373,000 illegal immigrant apprehensions and more than 28,000 criminal arrests, with more than 25,000 felony charges reported. In the fight against fentanyl, Texas law enforcement has seized over 402 million lethal doses of fentanyl during this border mission.

Death Toll

So far in 2021, **33 bodies** have been catalogued in the Brooks County Sheriff's Office's "death book." The pages are filled with photos of bodies in varying stages of decomposition, including skeletons.

They're also the ones **who don't want to be captured—more than 42,600 in April alone** along the whole southern border.

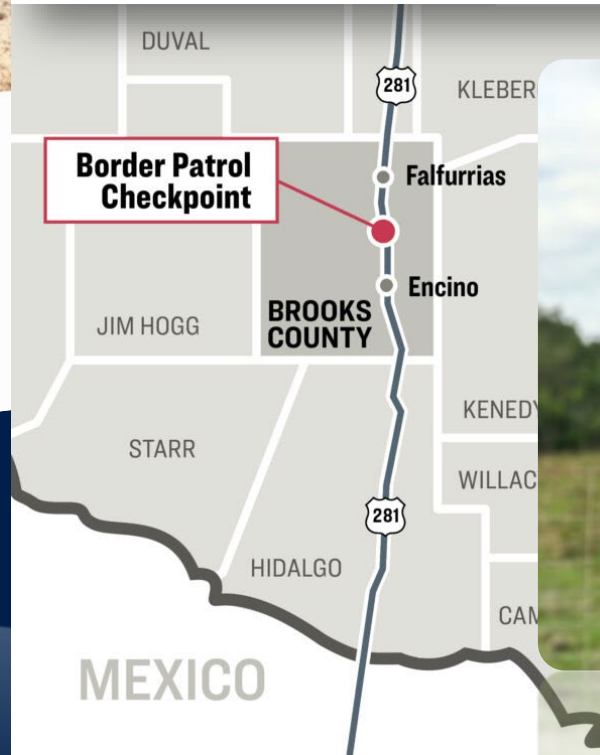

"You have a whole group of people that, no matter what, they **wouldn't get an American status,**" White said. "People **already had convictions for murder, pedophilia, sexual assault, violence**—all these serious crimes—and they're not in the groups that are turning themselves in."

Sheriff's search and recovery deputy Don White explains how he searches for the dead bodies of illegal immigrants, in Brooks County, Texas, on May 13, 2021. (Charlotte Cuthbertson/The Epoch Times)
